- James Whitfield
- Sarah Chen
- David Kim
- Dr. Samuel Adeyemi

James Whitfield [00:00:00]

Good morning everyone, thanks for joining. Let's get started. Today we have two main topics — I want to cover the update on Sterling Capital Bank first and then we'll move to Pinnacle Education Group. Sound good?

Sarah Chen [00:01:00]

Perfect. Yes, let's do that.

James Whitfield [00:02:00]

So on Sterling Capital Bank — we're currently in Legal Review. I spoke with Nathaniel Cross on Saturday and the feedback was positive overall. They're really focused on solving KYC automation. That's their number one priority right now.

David Kim [00:05:00]

Yeah I was on that call too. Nathaniel Cross specifically said and I'm quoting here — 'if MasterCRM can fix KYC automation we'll sign this quarter.' That's a direct quote. So we need to make sure our demo next week really hammers that use case.

Sarah Chen [00:08:00]

Agreed. What's the competitive situation? Are Microsoft Dynamics still in the picture?

James Whitfield [00:09:00]

They submitted a proposal last week. Priced about fifteen percent below us. But Nathaniel Cross told me off the record that they prefer MasterCRM's implementation support model. So we shouldn't compete on price — we should stay focused on the service wrapper and the faster go-live timeline.

Dr. Samuel Adeyemi [00:13:00]

On the technical side — Sterling Capital Bank's IT director raised a question about API rate limits last week. I sent over the Enterprise tier limits document. They need about 44k API calls per day which is well within our limits.

James Whitfield [00:16:00]

Good. So action items on Sterling Capital Bank: David sends the API docs — done. I'll revise the proposal by Thursday with a stronger ROI section focused on KYC automation. And we need to lock in the exec sponsor call — Sarah, can you reach out directly to their CEO?

Sarah Chen [00:18:00]

I'll send a note today. I have a contact through the industry council so I can get a direct line.

James Whitfield [00:19:00]

Perfect. Okay moving to Pinnacle Education Group.

Sarah Chen [00:21:00]

So Pinnacle Education Group — I'll take this one. We're at Negotiation. The deal is worth \$175,000. Dr. Samuel Adeyemi is our champion, VP of Partnerships. We've had three discovery calls and one full platform demo.

James Whitfield [00:25:00]

What's the timeline looking like? Do we have a close date?

Sarah Chen [00:26:00]

Their fiscal year ends June 30. So they're motivated to close before then. Budget is confirmed — \$175,000 is approved. The main blocker right now is legal. Their counsel has questions about the data processing agreement. Specifically around alumni engagement data and where it lives.

Dr. Samuel Adeyemi [00:30:00]

We can handle that. We support US-only data residency and we have supplemental GDPR documentation if needed. I'll put together a data flow diagram for their legal team this week.

Sarah Chen [00:33:00]

That would be great. The other thing — Dr. Samuel Adeyemi mentioned that they evaluated Slate two years ago and had a bad implementation experience. So we actually have an advantage there. We should reference our implementation NPS score in the next call.

James Whitfield [00:36:00]

Good point. What's our current implementation NPS?

David Kim [00:37:00]

It's 71. Industry benchmark is around 41. That's a strong differentiator.

James Whitfield [00:38:00]

Alright. Summary of actions: data flow diagram for Pinnacle Education Group legal by Friday, implementation NPS slide added to deck, and I'll send a recap email to Dr. Samuel Adeyemi with our legal response timeline. Any other business before we close?

Sarah Chen [00:41:00]

I think that covers it. Good session everyone.

James Whitfield [00:42:00]

Agreed. Thanks all. Talk Thursday.
