- David Kim
- Dr. Samuel Adeyemi
- Sofia Marchetti

Dr. Linda Zhao [00:00:00]

Good morning everyone, thanks for joining. Let's get started. Today we have two main topics — I want to cover the update on Nexus Pharmaceuticals first and then we'll move to Pinnacle Education Group. Sound good?

David Kim [00:01:00]

Perfect. Yes, let's do that.

Dr. Linda Zhao [00:02:00]

So on Nexus Pharmaceuticals — we're currently in Pilot. I spoke with Dr. Linda Zhao on Saturday and the feedback was positive overall. They're really focused on solving HCP relationship management. That's their number one priority right now.

Dr. Samuel Adeyemi [00:05:00]

Yeah I was on that call too. Dr. Linda Zhao specifically said and I'm quoting here — 'if MasterCRM can fix HCP relationship management we'll sign this quarter.' That's a direct quote. So we need to make sure our demo next week really hammers that use case.

David Kim [00:08:00]

Agreed. What's the competitive situation? Are Veeva CRM still in the picture?

Dr. Linda Zhao [00:09:00]

They submitted a proposal last week. Priced about fifteen percent below us. But Dr. Linda Zhao told me off the record that they prefer MasterCRM's implementation support model. So we shouldn't compete on price — we should stay focused on the service wrapper and the faster go-live timeline.

Sofia Marchetti [00:13:00]

On the technical side — Nexus Pharmaceuticals's IT director raised a question about API rate limits last week. I sent over the Enterprise tier limits document. They need about 73k API calls per day which is well within our limits.

Dr. Linda Zhao [00:16:00]

Good. So action items on Nexus Pharmaceuticals: David sends the API docs — done. I'll revise the proposal by Thursday with a stronger ROI section focused on HCP relationship management. And we need to lock in the exec sponsor call — Sarah, can you reach out directly to their CEO?

David Kim [00:18:00]

I'll send a note today. I have a contact through the industry council so I can get a direct line.

Dr. Linda Zhao [00:19:00]

Perfect. Okay moving to Pinnacle Education Group.

David Kim [00:21:00]

So Pinnacle Education Group — I'll take this one. We're at Negotiation. The deal is worth \$175,000. Dr. Samuel Adeyemi is our champion, VP of Partnerships. We've had three discovery calls and one full platform demo.

Dr. Linda Zhao [00:25:00]

What's the timeline looking like? Do we have a close date?

David Kim [00:26:00]

Their fiscal year ends June 30. So they're motivated to close before then. Budget is confirmed — \$175,000 is approved. The main blocker right now is legal. Their counsel has questions about the data processing agreement. Specifically around alumni engagement data and where it lives.

Sofia Marchetti [00:30:00]

We can handle that. We support US-only data residency and we have supplemental GDPR documentation if needed. I'll put together a data flow diagram for their legal team this week.

David Kim [00:33:00]

That would be great. The other thing — Dr. Samuel Adeyemi mentioned that they evaluated Slate two years ago and had a bad implementation experience. So we actually have an advantage there. We should reference our implementation NPS score in the next call.

Dr. Linda Zhao [00:36:00]

Good point. What's our current implementation NPS?

Dr. Samuel Adeyemi [00:37:00]

It's 71. Industry benchmark is around 41. That's a strong differentiator.

Dr. Linda Zhao [00:38:00]

Alright. Summary of actions: data flow diagram for Pinnacle Education Group legal by Friday, implementation NPS slide added to deck, and I'll send a recap email to Dr. Samuel Adeyemi with our legal response timeline. Any other business before we close?

David Kim [00:41:00]

I think that covers it. Good session everyone.

Dr. Linda Zhao [00:42:00]

Agreed. Thanks all. Talk Thursday.
